

RIAD AL HASAN

I am a hardworking and ambitious individual with a great passion for the Coding. I am currently in my First year of studying Bachelors of computer science at American International University-Bangladesh I am a highly competent IT professional with a proven track record in designing websites, networking and managing databases. I have strong technical skills as well as excellent interpersonal skills, enabling me to interact with a wide range of clients. I am eager to be challenged in order to grow and further improve my IT skills. My greatest passion in life is using my technical know-how to benefit other people and organisations
